Forecast for Wednesday 26 Aug 2020

Weather: Some widespread rain expected in the early hours. Thursday will start cloudy with some rain, but this will gradually die out from the west by late morning. Then the rest of the day will be drier, but still with the odd brief shower. Staying rather cloudy but some sunshine breaking through in the afternoon, this mainly across western fells.

Chance of cloud free mountain/hill tops above 800m: Widespread cloud between 500 and 700 metres in the morning. This becoming confined to eastern fells through the afternoon with bases rising to 800 metres or higher. Best chance of cloud free summits will be towards the west coast.

Visibility: Mostly very good
